Application for security export control

Center for Computational Sciences, University of Tsukuba

Non-residents or individuals in specific categories must submit this check sheet and either a copy of institution-issued ID or a certificate of employment to use supercomputers. This check sheet is used to obtain export control permission from the Ministry of Economy, Trade and Industry (METI) of Japan.

Here is the definition of non-residents.

Japanese	1. Those who departed from Japan and stay outside Japan for the purpose of working at an overseas office
	2. Those who departed from Japan and stay outside Japan for the purpose of staying outside Japan for two years or longer
	3. Those who stay outside Japan after the departure from Japan for two years or longer
	4. Those who fall under any 1 through 3 and returned to Japan as a temporary homecoming staying for less than six months so far
Foreigners	1. All foreigners who do not work at an office in Japan, or who do not stay in Japan for six months or longer after entry
	2. Persons in public service governments or internal institutions
	3. Diplomats, consuls or accompanying personnel/servants thereof (only those appointed/hired outside Japan)
Corporations or legal persons	1. Foreign corporations/legal persons except offices including a branch/sub-branch of an international corporation in Japan, Japan's international diplomatic offices, and Japanese corporations/legal persons
	2. Offices including a branch/sub-branch of a Japanese corporation in other countries
	3. Diplomatic offices of foreign governments and international institutions in Japan

Here is the definition of individuals in specific categories. ("Foreign" refers to any country or entity other than Japan.)

Cat.1	Individuals under the control of a foreign government or foreign entity based on a contract such as an employment agreement.
Cat.2	Individuals substantially controlled by a foreign government or entity due to economic interests.
Cat.3	Individuals acting under the direction of a foreign government or entity within Japan.

Supercomputer name			
Research abstract			

Research topics: If your research topics include the following items, check "Yes", otherwise, check "No".

Development, manufacturing, use, or storage of nuclear weapons	☐ Yes	☐ No
Development, manufacturing, use, or storage of military chemical agents	☐ Yes	☐ No
Development, manufacturing, use, or storage of military bacterial agents	☐ Yes	☐ No
Development, manufacturing, use, or storage of an apparatus to release military chemical/bacterial agents	☐ Yes	☐ No
Development, manufacturing, use, or storage of rockets that can be transported by 300 km or more	☐ Yes	☐ No
Development, manufacturing, use, or storage of unmanned aircrafts that can be transported by 300 km or more	☐ Yes	☐ No
Development, manufacturing, use, or storage of nuclear fuel or nuclear source material	☐ Yes	☐ No
Research on nuclear fusion	☐ Yes	☐ No
Development, manufacturing, use, or storage of a nuclear reactor, component, or auxiliary equipment	☐ Yes	☐ No
Manufacturing of heavy water	☐ Yes	☐ No
Processing of nuclear fuel	☐ Yes	☐ No
Retreatment of nuclear fuel	☐ Yes	☐ No
Among the actions listed below, an action that is conducted by an administrative agency that controls official works related to military or national defense, or an action obviously conducted as entrusted by such agency: 1. Development or manufacture of chemical substances 2. Development, manufacturing, use, or storage of microbes or toxins 3. Development, manufacturing, use, or storage of rockets or unmanned aircrafts 4. Space research	☐ Yes	☐ No
Development, manufacturing, and use of conventional weapons	☐ Yes	☐ No

Institution: If your institution works on the following topics, check "Yes", otherwise, check "No".

Development, manufacturing, use, or storage of nuclear weapons	☐ Yes	☐ No
Development, manufacturing, use, or storage of military chemical agents	☐ Yes	☐ No
Development, manufacturing, use, or storage of military bacterial agents	☐ Yes	☐ No
Development, manufacturing, use, or storage of an apparatus to release military chemical/bacterial agents	☐ Yes	☐ No
Development, manufacturing, use, or storage of rockets that can be transported by 300 km or more	☐ Yes	☐ No
Development, manufacturing, use, or storage of unmanned aircrafts that can be transported by 300 km or more	☐ Yes	☐ No
Is it a military or military-related organization or a similar organization?　Or is it an institution that conducts research related or commissioned by the above-mentioned institution?	☐ Yes	☐ No

When using supercomputers at the Center for Computational Sciences, University of Tsukuba, I swear that I will comply with the laws and regulations related to security export control and will not use it for purposes other than those for which account acquisition is permitted.
